50

47 | BATTERY CHARGER

Perfect battery maintenance and care. Fully automatic battery charger with diagnosis function and overcharge protection. Connector cable with rings for permanent installation to motorcycle battery included. Input voltage 220-240V, battery voltage 12V, output current max. 0.6A.

Part No. 990D0-OPTIM-MB3

48 | ADDITIONAL CHARGING CABLE

For permanent mounting to a second bike (No image).

Part No. 990D0-OPTI1-CAB

49 | FIRST AID KIT

Compulsory in several European countries. Please check local requirements before starting your trip.

Kit with safety vest

Part No. 990D0-FST01-KIT

Kit without safety vest

Part No. 990D0-FST01-AID

50 | SPECIAL TOOL FOR MAINTENANCE

Tool for front axle. 19/24 mm.

Part No. 990D0-TOOL1-924

GENUINE SUZUKI SPARE PARTS

What makes your Suzuki so unique is that all parts and components are perfectly aligned. Uncompromising quality is the top priority within the development process of Genuine Suzuki Spare Parts.

Choosing the right material, strictly keeping to defined specifications and an accurate production process guarantee a maximum of power at the lowest possible weight. Cost and quality go hand in hand.

Make sure your Suzuki remains a true Suzuki.

Suzuki accessories are designed specifically for Suzuki vehicles and are subject to the same quality standards as the vehicles themselves. We would like to draw your specific attention to the fact that only Suzuki original accessories are tested and approved by Suzuki. The requirements they have to meet are set out in the relevant manuals. Under certain circumstances, the installation and/or usage of other accessory parts may therefore have a negative impact on the characteristics of your vehicle as set out in the design specifications, thereby impairing riding safety. Suzuki cannot under any circumstances be made liable for damage occurring from the use of any accessory that is not a Suzuki original accessory. Please always check and ensure that all requirements in your country are fulfilled.

Subject to engineering and design modifications without prior notice. Please consult the current price list for details of accessory prices.

Important information for riding with luggage!

Please observe max. load for tank bags and rear bag: 2.5 kg.

Max. speed for riding with luggage: 130 km/h.

WVTA - The EC Whole Vehicle Type-Approval (EC WVTA) is a mandatory system that applies to passenger cars and motorcycles. The WVTA ensures that these vehicles (and their trailers) comply with all the relevant EC directives on safety and environmental requirements. It also confirms that adequate arrangements for ensuring conformity of production have been taken by the manufacturer and, where necessary, testing has been undertaken.

WVTA's and type-approvals of individual systems, components and separate technical units are communicated amongst member states. In effect, any item included in the WVTA does not require additional certification.

Suzuki's "Way of Life!" is the heart of our brand - every Suzuki vehicle, motorcycle and outboard motor is built to create excitement so customers can enjoy everyday life.
